# Studying at the University of Luxembourg means...

## Being multilingual

The University of Luxembourg is a multilingual university. Most of our programmes are bilingual (French-English or French-German), even trilingual or taught entirely in English.

## Having an open mind

We strongly encourage student mobility and all our Bachelor students must spend one semester abroad. The University of Luxembourg is an active partner in the European ERASMUS+ Programme and has signed a series of agreements with partner universities all over the world. Language skills and a willingness to be open-minded are rewarded by degree qualifications which give our students undisputed advantages in the global labour market.

## Being well-connected in the world of work

As a student, you will be able to take advantage of the excellent links to the financial centre, employers, industry and public institutions in Luxembourg. Over 860 lecturers from the business world, the social and education sector and national and European institutions teach in our three faculties.

## Having a unique university experience

The University of Luxembourg operates on a human scale. Here, students are the top priority. Much of our teaching takes place in small classes or seminars. You will receive personal supervision and individual mentoring. Our students are encouraged to take an active part in lectures, classroom debates and discussions.

## Welcome and support services

SEVE, the Student Department provides services to offer you support and advice throughout your time at the university.

## Student accommodation

The majority of the University of Luxembourg's student housing is located in the southern region near Belval Campus. Additional halls of residence are located around Luxembourg City. Currently, the University has a total of 1,122 rooms and studio apartments available in 37 halls of residence.

## Language Centre

The University of Luxembourg offers language courses in French, German, English and Luxembourgish for students and staff in cooperation with the "Institut National des Langues."

## Sports, arts and culture

Art workshops, as well as a large range of sports activities, are organised free of charge. *espace cultures* coordinates various cultural activities, including the University Choir, the University Chamber Music Ensemble, the student theatre group EduDrame, the dance group Dance Cluster and a mime workshop.

## Life on Campus

At the University of Luxembourg, several student associations represent the interests of the student community. The student lounge is the place to meet, hang out and participate in a variety of activities. At the beginning of each academic year, the University organises the Welcome Day to help new students to get to know each other, their university and their city.

Explore our website for more information on student services and activities and our study programmes:

## Belval Campus

Belval Campus is the University of Luxembourg's main site. Close to Esch-sur-Alzette, Luxembourg's second largest city, Belval Campus features research and learning facilities, the university library and learning centre as well as student residences. The campus is located at the centre of an urban district and has excellent connection to public transportation.

## Limpertsberg Campus

Limpertsberg Campus is located in a residential area close to the centre of Luxembourg City and Kirchberg, the capital's business district.

## Kirchberg Campus

Kirchberg Campus is right at the heart of Luxembourg City's business district with the country's international banking and financial centre and all the European institutions close by.

## The university in brief

The University of Luxembourg is a European research-oriented university with a strong international and multilingual character. Founded in 2003, the university currently counts 6,423 students. Members of the university community come from all around the world.
