WHY ÜSKÜDAR UNIVERSITY?

Üsküdar University is Turkey's first thematic University in the field of Behavioral and Health Sciences. Üsküdar University offers a wide range of programs with a "multidisciplinary approach" in Medicine, Psychology, Philosophy, Health, Genetics, Communication, and Engineering Sciences. Üsküdar University aims to be a world-class university by supporting research activities in more than 80 laboratories, R&D Units, BrainPark Incubation Center, SiliconTurk, and Technopark.

Our university is proud to contribute the society with international accreditations, Erasmus programs, and social responsibility projects. More than 25.000 students have decided to say "Life is a choice" as we have stated in our motto by choosing to be part of University-Hospital cooperation model with academic and clinical training, ideal corporate culture with ethical values, personalized education, and opportunity equality.

ERASMUS+ OPPORTUNITIES (STUDY & WORK EXPERIENCE ABROAD)

We have Erasmus inter-institutional agreements with approximately 100 universities in 24 different European countries. Thanks to our Erasmus network, we provide students with study and internship opportunities in many European countries. In addition, we are the coordinator of the European Internship Consortia which involves 5 prestigious Turkish universities and 2 NGOs. In addition, we are the coordinator of the European Internship Consortia which involves 5 prestigious Turkish universities and 2 NGOs.

FOREIGN LANGUAGE EDUCATION AT ÜSKÜDAR UNIVERSITY

Our students get a lot of advantages through Üsküdar University English Preparatory Program ALFSI and international agreements. Along with Üsküdar University English Preparatory Program ALFSI, we offer opportunities from preparatory training to master program through agreements with universities, institutes and academies in Great Britain, the United States, Canada, Australia, Spain, Germany and even China. ALFSI Academy has agreements with University of California Los Angeles Extension, London College of Contemporary Arts, London School of Business and Finance, St Patrick's College, Gisma Business School - Berlin and 360 GSP College and from America FLS and colleges, Cambridge Education Group. Thus, our students can attend to the preparatory programs of the relevant universities during 2 semesters or summer period optionally.

Üsküdar University Department of Foreign Languages' Preparatory education system and operations are accredited by Pearson Assured, an independent international quality criterion, in its third term.

R&D UNITS AND LABORATORIES

In the laboratories of Üsküdar University there is hands-on training about several different subjects of behavioral sciences such Transcranial Magnetic Stimulation (TMS), neuroimaging, health physics and psychology software. There is a clinic substructure equipped with high technology for studies like "Brain Computer Interface (BCI)" and artificial intelligence in the computer engineering branch.

Üsküdar University provides the privilege of practical training in NP İSTANBUL Brain Hospital that is Turkey's first and Europe's second private Neuropsychiatric hospital. Üsküdar University students have opportunity to practice in NP

Feneryolu Medical Center, NP Etiler Medical Center and NP Physiotherapy Rehabilitation Center.

Üsküdar University students have the opportunity to practice with a huge number of academic staff who are experts in their field in more than 80 laboratories covering an area of 9.700 m².

Üsküdar University maintains investment in the laboratories, Research and Development centers and keeps working to accomplish the first Brain Park of Turkey at a great pace.

Silicon Turk- Technopark and TRGENMER which are planned within Üsküdar University offers the opportunity for entrepreneurial young people to implement their projects.

UNIVERSITY AND HOSPITAL COOPERATION

NPİSTANBUL Brain Hospital

Memorial Ataşehir

Üsküdar University students have the opportunity to gain experience at NPİSTANBUL Brain Hospital, NP Medical Centers and Memorial Ataşehir Hospital in collaboration with experts in their departments during their education period in order to reinforce their theoretical education.

ÜSKÜDAR UNIVERSITY ATTENDS G20!

Üsküdar university is the first and only university that represented Turkey at the G20 Leaders Summit which was held in Antalya in 2015 and hosted the 2nd GRO World Brain Mapping and Therapeutics Scientific Summit. Üsküdar University respectively participated in the G20 Summits in China, Germany, Argentina, Japan, Saudi Arabia, Italy and Indonesia.

Our R&D Focuses

- Neuromodulation Treatments
- Neurogenetic Studies
- Studies on Autism, Schizophrenia and Alzheimer
- Virtual Reality Programs in Health (including Artificial Intelligence)
- Biotechnology and Medicine
- Personalized Treatment
- Holistic Family Studies
- Stem Cell and CRISPR Research

İSTANBUL: CITY&CAMPUS

Üsküdar University which is the first thematic university in the field of Behavioral and Health Sciences, is in Istanbul, the only city which connects two different continents in the world. Üsküdar is one of the districts which is located in Anatolian side of Istanbul, right across the historical peninsula and at the starting point of the 15th July Martyr's Bridge that connect Asia and Europe. Our university is named after this beautiful district that is at the crossroads of the world due to its special location. Üsküdar is in one of the prestigious locations in Istanbul with transportation opportunities of sea, road and rail.

Üsküdar University is a city university which has six campuses that are Medicine and Health Campuses in Ümraniye, Main Campus, South Campus, Çarşı Campus in Üsküdar and Girls' Guesthouse in Nakkaştepe.

Our university is in the center of Istanbul's transportation network. Making it easy for our students to reach the campuses with subway, public buses and ferries. Our students can enjoy their leisure time by taking a walk at the seaside or relaxing in the green parks of Üsküdar. Our university's campuses are specially designed to be student friendly so the students can enjoy their free time in a peaceful environment. Our students also have the opportunity to benefit from Istanbul's authentic culture and unique atmosphere after their lessons.

GLOBAL RANKINGS

SCImago Institutions Rankings is a classification of academic and research-related institutions ranked by a composite indicator that combines three different sets of indicators based on research performance, innovation outputs and societal impact measured by their web visibility.

Üsküdar University is ranked 398th among 4,364 universities worldwide in Research Category

Üsküdar University is 13th among 132 universities in Turkey in Research Category

Üsküdar University is ranked 4th among foundation universities in Turkey in Research Category

QS University Rankings - EECA

Üsküdar University is ranked among the best 350 universities on QS EECA (Emerging Europe & Central Asia).

Good Health and Well Being: Üsküdar University is ranked among the best 400 universities

Times Higher Education (THE)

THE measures universities' contributions to the United Nations' (UN) Sustainable Development Goals (SDGs). Progress is measured for each of the individual 17 SDGs, as well as across the goals as a whole.

Quality Education: Üsküdar University is ranked among the best 800 universities

Erasmus+ Accreditation

Erasmus accreditation is a tool for education and training organisations in adult education, vocational education and training (VET), and school education that want to open up to cross-border exchange and cooperation.

Pearson Accreditation

Üsküdar University Foreign Languages Department has completed the accreditation process within 3 months by Pearson Assured which is the leading accreditation institution of the world for more than 100 years of education and training experience in more than 100 countries.

Turquality Brand Support

Üsküdar University was admitted to the Turquality Program that has implemented since 2003 to support firms that aim to become international brands with cost incentives for branding, education, advertising and consultancy.
